Education

Green University of Bangladesh 2020 – 2024
*Bachelor of Science in Computer Science and Engineering (**GPA: 3.81 / 4.00**)* *Dhaka, Bangladesh*

Research Publications

Submerge Sentinel: An Energy Efficient Way for Securing Underwater Wireless Communication with Blockchain-Powered Data Security

- Published as a research article in **Elsevier: Blockchain: Research and Applications** (**Q1 Journal**, Impact Factor: **5.6**, CiteScore: **16.1**).
- Developed an energy-efficient framework for underwater communication using blockchain technology to enhance data security and integrity.

Experience

Moni Trading Corporation May 2026 – Present
UI/UX Designer (Product Design) *Dhaka, Bangladesh*

- Designed user-friendly UI layouts and product interfaces using Figma.
- Created clean, high-quality product visuals to improve brand presentation and online product displays.
- Improved user experience through consistent design systems, visual hierarchy, and responsive layouts.

L2N Software Limited Oct 2025 – Apr 2026
Junior UI/UX Designer *Dhaka, Bangladesh*

- Designed clean, user-friendly, and responsive interfaces by focusing on user experience, accessibility, and modern design principles.
- Developed high-fidelity wireframes and prototypes to improve usability and streamline the user journey for web applications.
- Collaborated with development teams to ensure design consistency and technical feasibility across various digital platforms.

Shoveler Info Tech Oct 2023 – Mar 2024
Front-End Developer (Intern) *Dhaka, Bangladesh*

- Collaborated with senior front-end developers to solve practical problems and implement UI components for various client projects.
- Gained hands-on experience in building responsive web layouts and ensuring cross-browser compatibility.

Projects

News-Wave | *React, Firebase*

- I orchestrated a React-Firebase project featuring integrated login systems, augmenting security measures and user accessibility.
- This innovative integration seamlessly merges the project's robust security framework with the convenience of users' existing Google and GitHub credentials, enhancing both usability and protection.

Furniture-Shop | *Figma*

- Designed a modern e-commerce UI in Figma with a strong focus on user experience and conversion flow.
- Implemented a cohesive color palette and typography system to enhance brand identity.
- Ensured component consistency and accessibility-friendly design patterns.

Health-Care | *Figma, UI/UX Design*

- Designed a clean and accessible landing page emphasizing patient-first experience.
- Structured content with clear navigation, prominent call-to-action buttons, and engaging visuals.
- Enhanced readability with typographic hierarchy, spacing, and clear section separation.
- Created responsive layouts to ensure seamless access across desktop and mobile.

Modern-Furniture (Mockup) | *Figma*

- Design intuitive UI mockups with focus on usability, layout, and visual aesthetics.
- Translate ideas into visually appealing UI/UX mockups emphasizing clarity and user flow.

News-Paper | *Figma, Layout Design*
- Designed a visually structured landing page in Figma emphasizing readability and user-friendly layout.
- Organized sections like hero section, featured news cards, and categories for easy scanning.
- Applied clear typography, consistent spacing, and visual hierarchy to highlight key stories.

E-commerce | *Figma, Prototyping*
- Created interactive elements like hover states, clickable banners, and call-to-action buttons, while using responsive constraints and auto-layout in Figma to ensure seamless adaptation across desktop and mobile.

Technical Skills

Programming Languages: C, Java, JavaScript (ES6)
Core Concepts: OOP, Exception Handling, Basic Multithreading (Academic Level)
Frameworks: React, Node.js, Express.js
Database: MySQL
Design Tools: Figma, Adobe XD, Canva
UI/UX Skills: Wireframing, Prototyping, User Research, Interaction Design, Typography, Color Theory
Tools & IDEs: VS Code, Git, GitHub
Languages: Conversational Proficiency in English, Bangla

Achievements

Vice Chancellor's Award | *Green University of Bangladesh*
- Received four Vice Chancellor's Certificates for maintaining an outstanding GPA of 3.90 or above.

Dean's Award | *Green University of Bangladesh*
- Received three Dean's Certificates for securing and maintaining a GPA of 3.80 or above.

Professional Certifications | *Coursera*
- **University of Michigan:** Programming for Everybody (Getting Started with Python) & Python Data Structures.
- **DeepLearning.AI:** AI for Everyone (Offered through Coursera).
- **Coursera Project Network:** Google Ads for Beginners.

Extra-Curricular Activities

Student Mentor Jan 2022 – Jan 2023
Green University of Bangladesh *Dhaka, Bangladesh*
- Guided and mentored junior students, assisting them with academic course material and university transition.

Volunteer 2022
ICPC Asia Dhaka Regional Contest *Dhaka, Bangladesh*
- Contributed as a volunteer for the International Collegiate Programming Contest (ICPC), assisting in event coordination and logistics.
